

Invitation to the EasyWay Workshop on “Secure Parking”

Confederazione Autostrade Spa, partner of the EasyWay project, is happy to invite you to the workshop on “Secure Parking” taking place on the 28th and 29th of September in Brescia (Italy).

In the field of road transport the topic of the safety of the drivers and the security of their vehicles and loads is particularly important. Crime is a social problem affecting both drivers and HGV operators.

The availability of advanced technology and the pressing requests of the Society has paved the way to the development of adequate parking facilities, particularly for heavy vehicles, and has led the European Commission to co-finance projects like EASYWAY and LABEL and to discuss new Directives and Regulations on the matter.

The workshop will bring together relevant stakeholders, experts and actors in the field of road and freight transport. It will explore the state-of-the-art of secure truck parks in Europe, allow the exchange of experiences and information, describe quality level certifications, analyse future developments of services and needs, identify the need for new regulations and funding, establish contacts between the major industry players.

Speakers and participants will include representatives of the European Commission, national / regional / local authorities, shippers, carriers, trucking industry services providers, truck park area managers, member states representatives, motorway concessionaires.

The workshop will be held in the new truck park Autoparco Brescia Est.

Please note that the participation at the workshop is free and includes two lunches and one dinner but it is limited. The participants should register by e-mail or fax using the attached form until September the 1st.

The workshop language is English.

Hotel reservation:

a number of rooms have been pre-reserved at the THotel. Price reserved for a single room is 84 euro, for a double room 104 euro (price including taxes and breakfast). The booking can be confirmed until September the 1st using the name *Workshop Confederazione Autostrade*. All participants need to confirm their reservation at:
